## Cubitron – Grinding discs

Grinding is more effective with original Weinig Cubitron grinding discs – for profiling and re-sharpening of blanks and planing knives on Weinig Rondamats.

### Advantages:

- Grinding disc re-sharpens itself during grinding
- Higher cutting performance
- Extended durability and profile precision
- Less straightening proceedings to reshape the grinding disc

00603089 Ø 225 mm for pre-grinding straight / profile knives

00603402 Ø 225 mm for finish-grinding straight / profile knives
